

Position Statement by Gary Cowan

- We have to build 3500 houses at Arborfield Garrison unless we can get a change to a conservative government who will scrap the South East Plan but in the meantime we have to deal with our present predicament. The conditions I will press for are;
- No Greenfield before Brownfield development
- No busses on Bramshill Close or Whitehall Drive through to Sheerlands Road
- No school on the football pitches
- The removal of 'Area B' from the Master Plan
- Save our trees
- Improved sports facilities etc
- I am very unhappy with the scoping report and I have asked for it to be withdrawn until it reflects all of the site and not just parts of it.
 - Currently Wokingham has 44 conservative and 10 Lib-Dem councillors. It is highly unlikely there will be much change after the election so a Lib-Dem councillor would have little if any influence on future development at Arborfield Garrison where a Conservative councillor certainly would.
